

Welcome!

- Once you're settled, pick up a box, cheatsheet, and table tent from the front
- Materials and files to pre-cache on your machine are on the test WiFi network (see your table tent for credentials)
- Go to <ftp://192.168.11.1> and see the README.md

Welcome to Day 2!

- If your custom Nerves system didn't compile, let us know
- Updated materials are on the test WiFi network (see your table tent for credentials)
- Go to <ftp://192.168.11.1> and see the *materials* directory
